| Risk description                                                                                              | <b>The product has an excessive volume of nicotine-containing liquid (30 ml) and an excessive concentration of nicotine (50 mg/ml). This could lead to the accidental consumption of a high dose of nicotine. Nicotine is acutely toxic and can endanger the user's safety, notably if the product comes into contact with the skin or is ingested. Additionally, the product lacks an information leaflet. As a consequence, consumers cannot make informed decisions regarding the safe use of the product.</b> |
| Legal provisions (at EU level) and European standards against which the product was tested and did not comply | <b>The product does not comply with the requirements of the Tobacco Products Directive.</b>                                                                                                                                                                                                                                                                                                                                                                                                                       |
